

United Truck Driving School is one of only a select few accredited truck driving schools. You are assured of an excellent training program. At United Truck Driving School we emphasize professional driving skills and equipment safety.

We are pleased to offer a top quality, professional truck driver training program for over-the-road or local truck or bus driving employment. Our school is licensed by the Bureau for Private Postsecondary Education and has exceeded state standards to qualify for accreditation.

PLACEMENT ASSISTANCE

United Truck Driving School graduates receive ongoing placement assistance. Both over-the-road and local companies actively recruit our students. Recruiters regularly visit our classes to employ students.

When the Department of Consumer Affairs, SDG&E, Airgas, Rubidoux Community Services, City of San Diego and US Geological Survey needed training for their employees, they turned to United Truck Driving School. That is because they knew their employees would receive superior instruction.

TRAINING VEHICLES

Our trucks are Freightliner conventional cabs. Our trailers are 45'-48' in length. Other training equipment includes full-size buses and other class B vehicles. All vehicles are equipped with air brakes and manual transmissions.

TRAINING PROGRAMS

All programs include classroom and hands-on driving instruction. Books, DMV fees, permits and Department of Transportation physical are all included. All Programs also include air brakes and the indicated endorsements. Classes begin every two weeks. Varied class times are offered.
