ABOUT US

United Truck Driving School is one of only a select few accredited truck driving schools in Southern California. There are two campus locations: San Diego and Riverside. We have an excellent training program that emphasizes professional driving skills and equipment safety.

Since 1978, United has been training California CDL drivers and helping beginners launch successful driving careers.

Our school is accredited by the Council on Occupational Education and licensed/approved to operate by the Bureau for Private Postsecondary Education.

Approval to operate means compliance with state standards as set forth in the California Private Postsecondary Education Act of 2009.

United Truck Driving School is proud to participate in VA educational programs that aid veterans, active duty military, spouses and dependents in obtaining their CA Commercial Driver's License.

Many other payment options are available! For more information, call 800-764-2020 to speak to an Admissions Representative. *WIOA, Rehab, EDD approved.*
